

# VISIT SUFFOLK *Virginia*

One of the fastest growing cities in Virginia, Suffolk is known for its small town charm, revitalized downtown historic district, hi-tech corridor and family farmlands passed down through generations.

The ideal meeting site must be conveniently located, offer the infrastructure necessary to facilitate your meeting, provide well-appointed overnight accommodations and a charming atmosphere that welcomes meeting attendees and creates memories that are not soon forgotten.

Well, meet Suffolk, Virginia . . . home to Mr. Peanut®, the Nansemond River, the Great Dismal Swamp, four golf courses, historic museums, art galleries, chef-owned eateries and yes, traditional and/or exceptionally unique meeting spaces.

Whether you're looking for a conference center, a Victorian mansion, an outdoor pavilion or a private board room, we can help.

The Suffolk Tourism staff works closely with local event and venue staff to ensure that your meeting/event is everything you hope for, and more. We offer complimentary services (see right) that add to the whole Suffolk experience.
